

Firehouse #3

Project Name: Build Firehouse #3

Cost: \$7,929,971

Description:

Build a new Firehouse #3 on Timberline Drive. This will be a complete new modern firehouse in the neighborhood of 14,660 square feet. This firehouse will also include a modern Self Contained Breathing Air Compressor and accommodate future growth.

Background:

The original building was opened in 1982 with approximately 3,000 square feet of space which includes bays for three fire apparatus. The current living quarters do not provide separate bathroom and shower areas for male and female firefighters. The firehouse was originally built to house four firefighters. The build of the new firehouse would also ensure that the facility is in compliance with all Americans with Disabilities Act requirements.
