NAME OF APPLICANT: _____

ADDRESS OF PROPOSED BOAT/RV LOCATION: _____

CITY/STATE/ZIP: _____ PHONE NUMBER: _____

DRIVERS LICENSE NUMBER: _____ DATE OF BIRTH: _____

DESCRIPTION & SIZE OF BOAT/RV: _____

PROPERTY OWNER OF PROPOSED BOAT/RV LOCATION: _____

EXPLANATION OF HARDSHIP REQUIRING PARKING IN FRONT YARD: (Examples: Inadequate access to side or rear yard, unusual topography, trees, etc.) NOTE: Small trees, shrubs DO NOT CONSTITUTE A HARDSHIP.

PLOT PLAN SHOWING THE LOCATION OF THE BOAT / RV MUST BE SUBMITTED

I understand that a permit may only be issued for parking in the front yard if substantial justification exists to not locate the boat/RV in the side or rear yard. Boat/RV permitted in the front yard must be on paved surfaces. No portion of a Boat/RV may be placed on or project into the public Right-of-way. The Right-of-Way is defined as that area between the street and your property line, and usually includes the parkway, sidewalk and a portion of the yard beyond the sidewalk. (usually 9-10 feet from the back of the curb). All boats, boat trailers, RV's must have the appropriate current licenses and or registrations.

The issuance of a City permit in no way supercedes or negates any deed restrictions or covenants in place for any subdivision.

I HAVE READ THE ABOVE REQUIREMENTS, UNDERSTAND AND AGREE WITH THEM:
